

Verifying Course Registration

1. Go to the **Student Course Registration (SFAREGS)** form. Enter the ID number and a term, and Next Block (Ctrl+Page Down).

Note: If you are entering **SFAREGS** for the first time in a Banner Session, the Student System Distribution Initialization Info (**SOADEST**) form will open automatically. Simply exit this form to continue to the SFAREGS form.

2. This form lists all of the sections that the student is registered in, including other course-specific information such as the CRN, subject and course codes, section number, grade mode, credit hours, billing hours, registration status, course level, part of tem, and campus.
