

Adding Class Syllabus to Course Schedule in Aurora Student

Course syllabus information can be entered so that it displays either unformatted or formatted, please follow the appropriate directions below.

If you choose to enter your course syllabus/outline using Aurora Student Self Service, this will be available to students via the Class Schedule and may be viewed by students who are still deciding on class selections. This is unlike the course URL and website, which are only visible to students who have registered for the course.

Entering an Unformatted Syllabus

1. From the Faculty Services menu select **Setup/Update Syllabus Online**.
2. Select the term the class is being taught in.

Note: For classes that span Fall and Winter Terms, select Fall Term.

3. Select the course CRN (or Course Reference Number), Submit.

Note: Only the classes you are assigned to will display to you in the drop down menu. The listing will include the course number, section number, short title for the course, and it's CRN. If you are assigned to multiple sections of the same course, please refer to the Class Schedule for the CRNs.

4. You will see the following screen:

7. Submit the CRN you have selected. You will see the following information:

The screenshot displays a web form for course information. At the top, it shows 'Course Information' for 'Agricultural Economics & Marketing 1 - 11624 - ABIZ 0440 - A01'. Below this, it lists 'Levels: Undergraduate' and 'Status: Active'. The course details include '11624 CRN', 'Main (Fort Garry & Bannatyne) Campus', and 'Agriculture Class, School of Schedule Type'. The 'Syllabus Data' section contains several input fields: 'Long Section Title' (filled with 'Agricultural Economics & Marketing 1'), 'Course URL:', 'Learning Objectives', 'Required Materials', and 'Technical Requirements'. Each of these fields has a small up/down arrow icon on its right side. At the bottom of the form are two buttons: 'Submit' and 'Reset'.

8. Using **Notepad** (or another basic text program), open the document you just saved. The html source code will be displayed.

9. Use **Select All** from the **Edit** menu to select all of the html code. Select **Copy** from the **Edit** menu.

10. In the Syllabus Data section of the screen in Aurora Student Self Service, place your cursor in the **Learning Objectives** window, right click and select Paste (or press Ctrl V).

Note: Prior to pasting it is recommended that you select Enter in order to leave one line of space at the top of the section before the text begins.

11. Select **Submit**. You will receive confirmation that you have successfully updated your Syllabus Information.

12. To view the information you have entered, go to back to the Faculty Services menu, select the Class Schedule. Find your class and click on Class Syllabus Information.
